R 2404 (a)

Dear Mr. Wahl:

The Emergency Relief Committee's "recommended plan for removal, and interment of bodies remaining at Dover Delaware" appears to present a feasible method for removing and interring the bodies which remain at Dover. If the California court approves implementation of the plan with respect to those bodies, the United States Government will cooperate fully by releasing them to the persons designated in accordance with the plan.

We appreciate your continued cooperation with the Department. If we can be of any further assistance please do hesitate to call on us.

Sincerely,

Lois M. Day
